We'll be set up in the Broadmoor Theatre parking lot this Saturday, October 17, from noon to dark. It's open decks ... we'll have 1200s and Traktor Scratch Pro set up so if you have tunes on vinyl or a flash drive, just bring them out and you're good to go.

If you don't spin, come out anyway because it's going to be a great time. The whole Vinyl Fetish crew will be there and drhumbra and Doyle will be driving out from New Orleans.
